## COVER MODEL INTERVIEW!!!

### *Matt & Renee*

**Cover models for Sex, Lies & Vampire Hunters**

#### **What's your perfect date?**

**Matt:** I don't like leaving my house for me it's just me and Renee together at my house with me cooking dinner (Renee can't even fry an egg let alone put together a whole meal) then maybe ending with a romantic movie and a bottle of wine. Anything I do with just the two of us is the perfect date.

**Renee:** Any kind of date that involves food makes me really happy. I love to eat and Matt is an amazing cook. He is always whipping up something for me when I am hungry and he loves doing it too. I also love when we just lay in bed together. There is no other place I would rather be. My favorite date was our first Valentines Day together. Matt surprised me with this elaborate diner with candles and music, it was just so cute because I didn't think that he had a romantic bone in his body.

#### **What do you wear to bed?**

**Matt:** nothing

**Renee:** usually just my little boy shorts and a t-shirt

#### **Do you only model or do you have a day job and what is it?**

**Matt:** I am a mortgage broker

**Renee:** Nursing student by day bartender by night

#### **How tall are you?**

**Matt:** 5'11"

**Renee:** 5'3"

#### **Favorite color?**

**Matt:** black it's all I wear, Renee hates that so if you ever see me in any other color than black chances are she bought it for me.

**Renee:** I wear a lot of black as well because it is so safe but during the summer I like to wear colors

that pop like blues and pinks. Someone once told me that purple is the best color to wear if you want to stand out.

### **Jennifer Aniston or Angelina Jolie?**

**Matt:** Jennifer Aniston she is so cute in a girl next door kind of way, that's more my cup of tea.

**Renee:** Angelina of course! She is so sexy! She has that special something that you can't help but stare at her. I love her new look, but she still has that edge about her. She does so much humanitarian work I can't help but love her.

### **George Clooney or Matthew McConaughey?**

**Matt:** Oh Jesus. Ill let Renee answer this one since I already have to hear about him all the time.

**Renee:** Matthew McConaughey is my obsession (other than Matt<3) We always said that if we had one chance with the celebrity of our dreams we should take it! Well Matt missed his chance, hahaha (Jamie Preisly) but I still have mine!

### **If you could travel anywhere in the world where would you go?**

**Matt:** Last year we went to the Riviera Maya in Mexico for my birthday, it was the perfect vacation and there's nothing I would change from that trip. We had adventure all day and romance all night. All day it was hiking the Mayan Indian Ruins, swimming with the dolphins, or snorkeling with sea turtles. Then at night we would walk the moonlit the cliffs by the resort overlooking the beach and you can imagine where that lead, you could say it was the best birthday I've ever had. My next trip would probably be Africa because we both love animals so much I would love to go on a safari. When it comes to vacations I think I'm more of the adventurous type and Renee is more of the relaxation/romantic type.

**Renee:** Mexico was so amazing. I feel like we fell in love all over again on that vacation. We spent every second together and it never got old after seven days. It was so beautiful. We talked about Africa because we both love animals and a safari would just be so amazing but I think that Europe would be my next pick. Italy and Greece is my dream vacation.

### **Is it a bit tough when the girl she's/he's holding on the cover isn't you or is it just business?**

**Matt:** This is not something I would like to make a career out of so I can't imagine doing it with someone other than Renee. It's more of something we do for fun together. Plus I don't have any prior modeling/acting experience so I don't think I could fake that "steamy look" with someone else. Everything you see with us is real. It's the way we truly feel about each other. My photographer just tells us to act natural and we do our thing and he snaps action photos. There aren't any real poses.

**Renee:** Every thing you see is completely natural between us. We did this shoot for fun and I had the best time. I have never done a photo shoot with anyone else and I would never want to. The way he holds me can not be recreated. I was a little nervous at first taking off my clothes with someone else in the room but after a little while I could just be myself. I think Matt started to get a little excited so we had to slow it down a bit. ( sorry baby lol)

### **Where did you meet?**

**Matt/Renee:** We actually went to the same high school and I was a senior and she was a freshman I always wanted her from the first day I laid eyes on her. I then graduated and moved away until I saw her at a bar down at the Jersey Shore. I started talking to her and she invited me back to a party at her hotel room. While there we partied and I got a little drunk and I broke a television. So I got her number the next week from a mutual friend and offered to pay for the television. I really could care less about the television but rather just wanted to see her again. She said not to worry about the television but we talked for hours and the rest is history. So I guess I've had my eyes on her since high school. I always knew I would eventually have her and now I do

### **How did you get into cover modeling (or modeling in general)?**

**Matt/Renee:** That's a funny question because the way we got into the business is I was taking some photos with my photographer attempting to get into fitness modeling. Renee was watching and we then started to take some artistic suggestive nudes just for us personally. My photographer left them out in his studio and someone saw them. Someone loved them and offered him our first cover the book is called "Wolverton Blood." We agreed to be on the cover then he wanted to take more pictures of us and that's when we got on the cover of "Sex, Lies & Vampire Hunters." So we have only been on two covers together. So we kind of got discovered accidentally but I owe it all to my photographer Les Byerly he does amazing work.

### **What are you thinking to achieve that smoldering look in your eyes?**

**Matt:** It's not too hard when I'm taking the picture with Renee. They say the eyes are the window to the soul and she's my soul mate. So I guess there is no trick to it I just have to look at her.

**Renee:** Yes, it really isn't hard when I'm taking pictures with Matt...I mean look at him! He is sexy and I feel sexy...when you put two sexy people together it just comes natural.

### **Do you have what you consider a signature look?**

**Matt:** I guess it is kind of a dark, mysterious, evil but still sexy king of look since the whole vampire/werewolf theme seems to be reoccurring.

**Renee:** I guess I have a girl next store look with a naughty side? I don't do this enough to really know how to achieve a signature look.

### **What do your friends and family think of your cover pictures?**

**Matt:** My mom loves it she actually is an elementary school teacher and brings it in to show her friends at work. She is so proud of me. My dad is such a man's man so he doesn't really get into it but he is still supportive.

**Renee:** My mom thinks I'm nuts but I will catch her telling her friends and showing them the book. My dad thinks it is so cool and he supports any decision that I make.

### **What other types of modeling do you do besides cover model?**

**Matt:** None. I tried fitness but wasn't quite muscular enough and I'm a little short for runway but the print modeling seems to suit me best.

**Renee:** I don't do any modeling. I am too short and my measurements do not really add up to a models standard but I would love to get into some print work.

### **Do you have brothers/sisters and are they into modeling?**

**Matt:** My brothers actually got the looks in the family and he also has another gorgeous girlfriend Lindsey. I brought them into meet my photographer and they may be on a cover shortly.

**Renee:** Yes I have a younger brother and he is not into any kind of modeling. He probably could if he would let me wax his unibrow!

### **How do you like portraying a vampire (Renee) and a cop (Matt)?**

**Matt:** For me I like the role playing so it's not the first time I have played this part...lol.

**Renee:** It is very cool. I mean, I do not get pleasure out of biting Matt.....well only is he has been naughty....haha

### **Matt, have you considered entering the Romantic Times Mr. Romance Contest?**

Never heard of it until now but I would love to!

### **Okay, this one is from my nutty friend:**

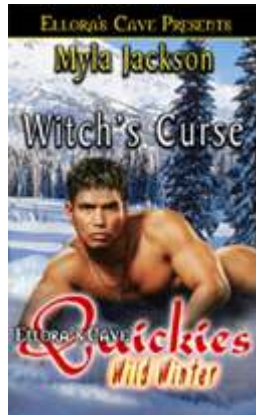

### **Do you carry shop towels to wipe up the drool from all the men/women who see you?**

**Matt:** No but its flattering thank you....lol.

**Renee:** No, but yes it is flattering!

## Reviews

### *Witch's Curse*

"WITCH'S CURSE is an awesome read where the plot is so interesting it even beats the heated sex."~ RRT Erotic by Reviewer: Aerial Summer

Two Lips Reviews by Reviewer: Kerin  
Rating: 5 Lips!!! 

"Witch's Curse is a definite must-read. Myla Jackson is an author that you can always count on to provide high quality books with characters that you can't help but love and stories that'll captivate you. Sam is a sexy, hot, too-die-for cop that just got dumped by an obviously insane woman. He's a true gentleman and the respectful manner in which he treats Kindra is heartwarming. Catherine's emotions and her desire to help Kindra show how special she really is. The chemistry between Sam and Catherine sizzles on the pages and the love scenes are erotic and will leave you panting for more. The ending is beautiful. I highly recommend reading this all-around delightful and poignant story from Myla Jackson!"

### *Shewolf*

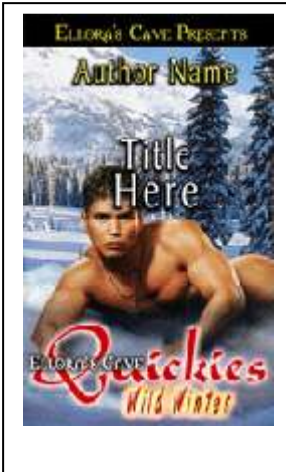

"**Myla Jackson** is an author that I always keep an eye out for and I was excited to have an opportunity to read Shewolf. I love the storyline and the love scenes were hot."

"Myla Jackson knows how to write an exotic story and I cannot wait to read more from her because she is a fantastic author of werewolf stories."

"*Shewolf* by Myla Jackson is deliciously naughty and I loved every word of it. I found myself rolling my eyes at Lyka's interfering brothers because I could relate to that area of the story. As for Rafael, he was quite the seducer, but I loved how he worked. I would have found it hard to resist him, that's for sure. Lyka, for all of her blustering, just wanted to have a mate that cared for her; no matter if the mating brought together rival packs or not. *Shewolf* is a quick, erotic romp into werewolf heaven. I happily read it cover to cover in one sitting with just a few breaks for ice water in between. I thought the plot believable and the setting was near and dear to my heart, having grown up in Memphis. Excellent job Ms. Jackson!" Talia Ricci at Joyfully Reviewed
